"I have been in Prague for 18 months working in both the Valuation and Capital Markets Teams. This has given me the opportunity to learn and build my knowledge of real estate and the real estate business. I have been given a level of responsibility and client exposure which I believe has accelerated my development as a professional. Prague is also an amazing city to live and work in."

Will Moorcroft
Valuation & Advisory team CZ

"I have had an amazing time in Prague, in a fabulous city working with fantastic people. I believe that working abroad has given me the opportunity to get significant responsibility and client exposure much earlier in my career. I was involved in a number of major valuations from day one, going on inspections across the CEE Region and meeting major clients."

Graham Harding
Hospitality team CZ

"I have really enjoyed working in Cushman & Wakefield's Prague Valuation team. The responsibility has been highly motivating and I have learned so much about real estate during my time here. Working abroad has also given me a lot personally, it is a demanding experience but to live and work in an international environment is extremely exciting and the experience is one I would recommend to anyone"
